

I

St. Marys, Mo.
Feb 17 1928.

Dear Carl and all.

I will take the pleasure
in writing you a few
lines this after noon,
or after the big snow, I
guess it snowed up there to
day it snowed pretty hard
down here for about three
ours, I guess you and Mr.
Greenwell made it back
with out any trouble
the last time you was
down. I am feeling
pretty good now except
a cold in my head I went

II

over to Perquille Saturday
after my auto license and
Leans I think I must
taken more cold in my
head for early Sunday
morning I woke up with
a ear ache I got it stoped asking
but my ear has stoped up
ever since and cant hear
out of it. Vally taken sick
Sunday and hasent been
out the house since
He has been in the bed
most of the time yesterday
she was feeling pretty good
she wanted to get up so we
let him up and he rode around
in house on his tricycle
and last night he taken

pretty sick a gain so we
 got the Doctor for him
 Dock said it was a sin
 in his head that caused
 him to have so much
 fever, I think it must be
 something like the flue
 for there has been a
 few case around Bailey and
 Cambrows have had the
 same thing. We still
 got old Rowdy, I dont think
 Thos Copman has want
 him now, Leon said
 Ernest Chesly would take
 him but didnt want
 to buy him, Moby he
 take him Rowdy would

Learn to tree squirrels pretty
 good far Desert live out
 5 miles beyond Minith
 where the squirrels are
 pretty thick and lots
 of other game this
 way when we wanted
 to go hunting we could
 go out and hunt with Roudy.
 Peat is giving a big dance
 at New Bremen Sunday
 night we expect to have
 a very large crowd for
 it is the last dance
 before Lent. I heard say to
 Bill Right he had about
 three gallons of liquor
 I guess he will be
 all steam up if he

drink three gallons, I dont think
he will drink all of it for I think
he is coming to bootleg it. Did
you all get to see Lind Burg
up there I heard the speech
he and the Mayor made over
the radio and when all those
school children was down
at the river I got that over
the radio, That kid must
had a swell time away it
sounded over the radio, I got
my radio fixed up it works pretty
good I have difrent horn for it
now. well as nuse score.
I guess I will haft to close for
this time.

From
Fred
